

I am writing in opposition to the proposed ruling to give LPFM priority over FM translator service. One of the stations that I listen to frequently is K-LOVE. K-LOVE offers commercial free christian radio which is very important to me and to my community. Right now there are only a few commercial free christian radio stations in my community and if K-LOVE were displaced by a LPFM station it would mean even fewer choices of commercial free christian radio. Stations like K-LOVE seek to operate as efficiently as possible and using the FM translator service enables them to do that. K-LOVE is one of the few stations that I know my whole family can listen to safely without concern for what may be said that I wouldn't want my kids to hear. Thank you for your time.
